

The Nature, Need, Components, & Requirements for Salvation

John Edie, the nineteenth-century Scottish preacher, said, “Men without Christ are death walking. The beauties of holiness do not attract man in his moral insensibility, nor do the miseries of Hell deter him.” You can talk about heaven to him, he’s not interested. You can talk about hell to him, he’s not afraid. Now this kind of man doesn’t need renewal, repair, restoration, resuscitation; this kind of man needs resurrection. He needs life, because he’s dead.
